

MAG OZONE GENERATOR

Keep rooms sanitised and odour free with the MAG Ozone Generator.

Are your rooms 100% clean of germs and smells? The MAG Ozone Generator emits Ozone through the air to banish odours and sanitise surfaces. With cycle times as fast as 15 minutes, the generator is perfect for daily quick cleans as well as large scale regeneration projects (such as after a flood or fire).

A global leader in performance, the MAG Ozone Generator will achieve fantastic results.
